Summary of program (max. 12 sentences) Aims, activities, (planned) results	Chalmers School of Entrepreneurship (CE) is devoted to educating future entrepreneurs through stimulation of high motivation in exploiting new technological business opportunities. The education achieves this goal by working with qualified actors from academia and industrial life, and by combining theory with practice. Consequently, the students conduct genuine innovation projects with the goal of forming companies at the end of their year.

Didactical methods	<input type="checkbox"/> e-learning <input checked="" type="checkbox"/> training by a professor/(visiting) lecturer X <input type="checkbox"/> coaching <input type="checkbox"/> other method(s):
Evaluation results (so far) (in 6 sentences)	Twentyone new companies have been started by former CE students. Totally, 230 new work positions have been created, 150 involving full-time employment. (All data are from May 2004.)
